QuikScout Football Video Editing and Scouting Software
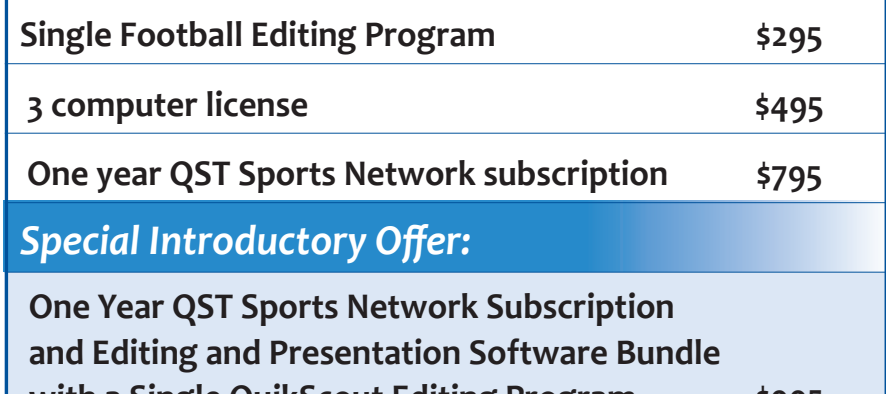

QuikScout Football can be used with or without the QST Sports Network

Quik Scout is an all-in-one video editing and scouting program. QuikScout makes it easy to create video cutups for team analysis or to quickly access scouting data and reports.

- Use your terminology and customize QuikScout's keyboards for fast and easy data entry

- Program up to six notation fields to expand your video search capabilities.

- Search and organize game video using QuikScout's powerful search engine.

Present Your Scouting Reports from the QuikScout Film Room

The QuikScout Film Room automatically organizes video clips for more efficient presentations during team meetings. For example, video thumbnails of all QB Rushing Plays appear on the left side of the screen allowing for more efficient navigation and team viewing.

CREATE YOUR TEAM WEBSITE

The QST Web Form automates the process of building your team website. Within minutes you will be able to upload video scouting reports, playbooks, weekly newsletters, and player portfolios to your team website. You can publish scouting reports and playbooks on a secure portion of the site, while making newsletters and other information available to friends, family, and fans.

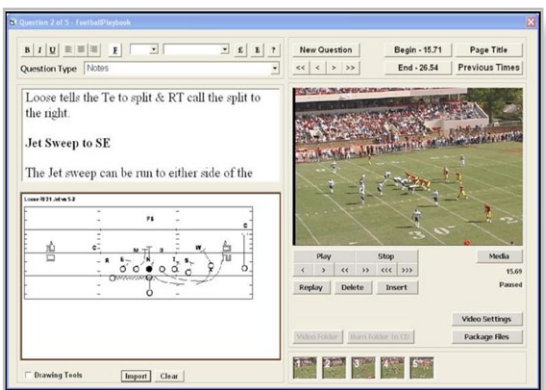

ORGANIZE GAME, PRACTICE AND TRAINING VIDEO

Go Beyond Giving DVDs to Players!
Create and Publish Scouting Reports to Your Team Website

Whether you use QuikScout Football or another program to organize video, you can create individual folders to organize clips for scouting reports and presentations.

CREATE CUSTOM PRESENTATIONS FOR YOUR TEAM WEBSITE AND MEETING ROOM

Using QuikScout Football's Design tools, you can create engaging presentations using video clips, play diagrams, and notes detailing player and team responsibilities.

OTHER WEBSITE PUBLISHING OPTIONS INCLUDE:

Playbooks, Newsletters, Training Workouts and Recruiting Portfolios

1. Presentations can be shared with players, parents, fans and alumni 365 days per year
2. Team Newsletters
3. Player Recruiting Portfolios
4. Players Training Information - Training information can be shared with players throughout the year using the team website
5. Sponsorship and Business Support for Your Team - Sponsorship ads can become the HOME page of your website allowing national, local & regional businesses to support your team

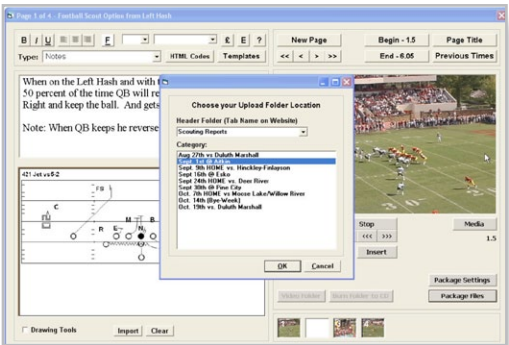

PUBLISH SCOUTING REPORTS FOR YOUR TEAM

QuikScout Football offers two ways for you to publish your completed scouting report:

1. Publish to the team's website for players to review from home

You can publish the report on a secure portion of the team website where players and other coaches must log on to view it. Each report page will include your choice of a play diagrams, notes, and video clips.

2. Publish for Presentation on an Interactive Whiteboard

You can take advantage of QuikScout's full integration with interactive white boards when presenting the scouting report to your team.
